

# ADVANTAGE

## ALL-IN-ONE DIGITAL FINISHING SYSTEM

### Perfect for:

- Business Cards
- Postcards
- Greeting Cards
- Mailers
- Flyers
- Brochures
- CD Inlays
- POS

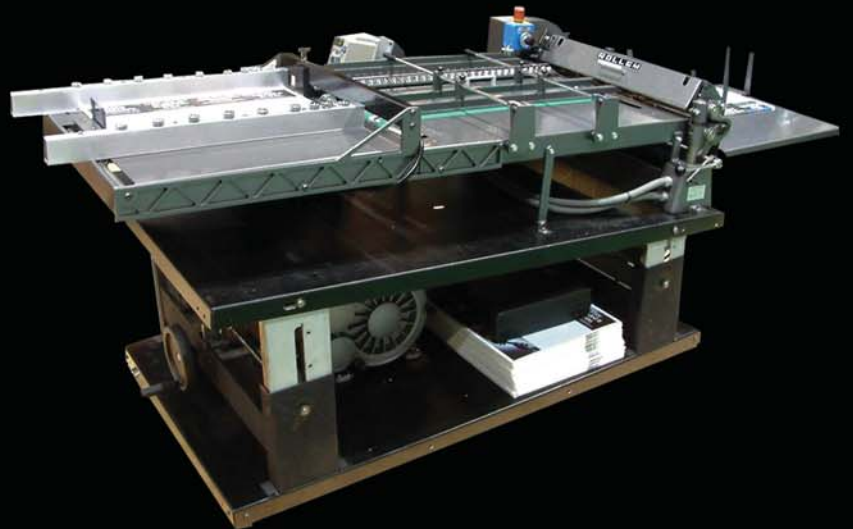

### Features:

- Accurate registration - industry leading registration system for the perfect alignment of each sheet - even with adverse ratios; giving the highest precision production for your customers.
- On the fly adjustment - compensate and adjust for variations in sheets size and print image position whilst the job is running; recover the job, don't waste it.
- One person operation - use less machinery and fewer people. Integrate with your existing machinery - connect up with your right-angled folder to further extend your processing line and make even more savings.

Get the work out quicker, cheaper and at higher quality

### Optional:

- Perf, Micro-Perf, Slit Perf
- Score
- Slit, Trim & Gutter Slit
- Collation & Other Delivery Options
